<th>Check-in</th>
<th>9:00am – 1:00pm</th>
<th>Sayles Hall, Main Green</th>
<th>Process takes 10-25 minutes</th>
</tr>

| o Check-in consists of speaking with program staff to ensure all requirements and balances are submitted and receiving an envelope of information including:  
  - Class schedule and location  
  - Whether books need to be purchased  
  - ID card  
  - Emergency contact information  
  - Residence hall room key  
  - Lanyard  
| o Check-in ends at 1:00pm, so it is recommended that students arrive by 12:30pm at the latest to ensure they have enough time to complete the check-in process.  
| o Students are arriving by car should consider leaving their luggage in the car and then driving to the residence hall after checking-in. Students learn where they are living at check-in.  
| o Students are expected to move their own luggage and personal items. For that reason, packing light is the best approach, ideally with luggage that has wheels and is easily transported.  
| o There will be places on the Main Green where students can rent fans, micro-refrigerators, and linens (sheets and towels), and learn about off-campus trips. |

| o Tour are not required.  
| o These tours can be useful in helping to orient students to the various locations on campus where they will live, learn, eat, and socialize. In the evening, students will take a tour with their Resident Assistant (RA), but the tours won’t necessarily go to the same locations. |
Students and their families should attend one of these orientations that will be led by Pre-College Program leadership. If students arrive to campus without a family member, they should still plan to attend one of these orientations.

Commuter Students Depart Campus / Residential Students go to Residence Halls

**9:00pm**

Mandatory Floor Meeting with Resident Assistants (RA)
Residential Students' respective Residence Halls

During this meeting, students who live on the same floor will create community standards, review residence hall policies and expectations, and continue to get to know one another better through community building activities. Students will also have an opportunity to ask their Resident Assistants (RA) any questions before they head to their rooms for the night. Classes start the next day.

**10:00pm**

Curfew Check-in
Resident Assistant’s (RA) Room

Each night students are required to check-in with their RA by 10:00pm and then stay in their residence hall until 6:00am the next morning. This is a requirement for a number of reasons: ensuring student safety, providing an opportunity to speak with RAs about anything that may have come up during the day, and assist students in developing good study and sleeping habits. Failure to abide by this policy sets in motion a protocol wherein the Residential Staff, the Brown Police Department, and others begin to look for students until they are found. If a student and their family decides that they want to have the student stay off-campus this first night, the parent/guardian must inform the Residential Staff of this and submit an Overnight Form for review and approval. This form will be made available soon.
