

2025 Application Guide

Things to Consider When Preparing to Apply

PROGRAM PREFERENCE

All students apply to Brown Pre-College or Pre-Baccalaureate. Students applying to Brown Pre-College may indicate a program preference within the application. Indicating a program preference does not guarantee registration in a specific course or program.

WRITING SAMPLE

Students should consider our two prompts and choose one to create a thoughtful 250-500 word essay prior to starting their application. Prompts can be found on the <u>Apply Checklist</u> page of our website.

GRADE REPORTS

Students will provide two years of academic grade reports; the current year up to date of submission and one previous year (even if this is 8th grade). Unofficial transcripts like report cards or progress reports are accepted. The student's name and school year should be included on the document.

QUALIFICATIONS

We are seeking academically high-achieving students who provide a well-written application essay that highlights their intellectual curiosity, social maturity and self-motivation. We review applications holistically. When determining admissibility, we look at a number of factors including academic performance, motivation, interests and English language proficiency.

Let's Get Started

The application is available at <u>precollege</u>. <u>brown.edu</u>. New students will need to create an account. Returning students can log in with the email and password they originally used to create their account.

Students can login anytime with the email and password they used to create the account. A login link is available on our homepage for return visits. Click "Forgot Password" or contact <u>precollege@brown.edu</u> if you forget your password.

Once an account is created, applicants can start a new application within the Student Portal by clicking the "Complete Your Application" button and then "Start a New Application".

Applicants will be prompted to select a few options from a drop-down menu.
